Golf lovers, this is for you! Wonderful groundfloor apartment at a corner apartment in the area of the popular La Mairena Elviria, the urbanisation has its own golf course !!! and one restaurant on site plus a tennis court and a nice spa with jacuzzi and turkish bath etc. This is a groundfloor and as it is situated at the corner it still has nice views from the spacious terrace to the pool and beautiful community garden. The two bedrooms are double bedrooms and the bathrooms have a window and are nice and light colour and spacious too. The kitchen is separate and very modern next to the luminous big livingroom with very modern furniture and the views out on the beautiful terrace where you can have breakfast with a big family. There is one underground parking place coming with the apartment.
